## Expert Faculty

The Unique Academy (Pune, Mumbai, Delhi) has been imparting guidance for Civil Services Examination (UPSC & MPSC) for nearly two decades. An enriching and in-depth experience of teaching civil services (CSE) aspirants for these many years has certainly become our strength, and we love to pass on this accumulated wisdom about the exact requirements for the exam. It includes various aspects of preparation such as reading and comprehension, critical thinking ability, note-making, memorizing, effective writing, and communication. Our faculty members are true powerhouses of academic excellence and practical knowledge of the nitty-gritty of the UPSC examination. Most of them have done masters and cleared NET/SET in their subjects, and some of them have gone a step ahead and are even pursuing PhDs, besides the vast teaching experience.

## Excellent Study Material

Up-to-date and quality study material is meticulously prepared by our faculty members with the assistance of a dedicated research team, by referring to various academic sources, field studies and research reports. We provide comprehensive classroom notes on each and every topic in the syllabus, as well as contemporary and current issues. The Academy also publishes relevant books for UPSC both in English and Marathi.

Moreover, our distinguishing feature is the content-rich, yet precise and crisp model answers. Our series, 'Political Science Through Questions and Answers' which comprises of four volumes based on optional Political Science syllabus is a big hit with the students. This series has been extremely helpful to the students in writing articulate, focused, sharp and to-the point answers, which is a crucial skill for cracking the Mains exam.

## Rigorous Test Series Program

Our unique Test series program starts with setting rigorous question papers, thereby exposing students to a plethora of analytical questions, forcing them to engage with the study material and think creatively, while forming their own analysis/opinion on matters of relevance. The answer-sheets are evaluated by the expert faculty members themselves in a very critical manner, whereupon the students are given in-depth feedback regarding the content, language and presentation style of the answers.

## Personal Mentoring

UPSC is a tough journey testing not just the academic knowledge of the students but also their mental, emotional and moral strength. Many students experience financial stress, parental as well as peer pressure, lack of motivation, emotional highs and lows, bouts of anxiety, frustration and even depression during this hard-hitting journey. The Unique Academy, through its mentorship program, stands shoulder to shoulder with the students at every step of the way, ensuring a robust mental and moral support system.

## Three Years Integrated Course A Unique Initiative!!

### Civil Services

Civil Services have remained one of the preferred career paths for students despite emergence of other new career options, in the post-1991 transformation in the size and role of government and the public services (including civil services) in India. The security of job, social recognition, diversity of the service profile and opportunity to serve our nation, are the prominent factors which drive a substantial pool of youngsters towards the civil services. Moreover, these services are still perceived as offering a constructive means of social intervention given the existence of developmental challenges in our society such as complex poverty, societal inequality, unsustainable agriculture, imbalanced and exclusionary economic growth, unplanned urbanisation, rising unemployment and climate change. Hence, Civil Services have remained one of the sought - after career options.

### Union Public Service Commission

The Indian Constitution, anticipating the critical role of civil services in the upcoming project of building a democratic, secular and just nation, provided for the Union Public Service Commission (UPSC), a constitutional body for the purpose holding examinations in order to recruit various public services. The civil services examinations (CSE) is one of the prominent exams conducted by the UPSC every year through which candidates are selected for around 20-22 different civil services. CSE comprises of three phases, namely prelims (objective exam), mains (written - descriptive exam) and personality test (oral exam).

### Three Years Integrated Course

The civil services examination is known as one of the dynamic and challenging exams due to its multi-layered format and fierce competition. The often used proverb 'well begun is half done' literally holds true about the preparation for these exams. Hence, the 'Three Years Integrated Course' designed meticulously by the Unique academy, seeks to fulfil this dire need. The core idea behind this course is to guide and assist students to prepare for CSE while pursuing their graduation. So that, undergraduate aspirants can undertake a well-planned study and be ready to appear for this exam immediately after graduation. This Course is spread out in three years and covers all the three phases of CSE.

# Outline of the Course

## Course Structure

**First Year :** The first year of this course aims at 'introducing' the core subjects of General Studies including History, Economy, Constitution/Polity, Geography, Society, International Relations and Ethics. Since fundamental concepts form building blocks of any subject, the teaching in this formative year focuses on discussion of diverse concepts of each subject. The syllabus of each subject is designed in a thematic way so that all relevant ideas pertaining the subject are discussed in detail. Secondly, students are encouraged to develop various skills such as reading reference books along with text books, critical thinking, applying concepts to reality, effective writing and communication. The skill enhancement is sought to be achieved through multiple assignments and tests. Thus, laying down a solid foundation for the preparation of CSE is the goal of this initial year.

**Second Year :** The second year course involves a rigorous teaching plan of the General Studies mains syllabus (major GS Subjects) along with the Optional subject. The teaching, building on the foundation laid down in the first year, constitutes an elaborate discussion of the mains syllabus ranging from the conceptual, factual-informative details to the analytical part of each topic. Moreover the current & contemporary dimension of each chapter is discussed in detail. Extensive study material including conventional part of the syllabus and current affairs is provided. While taking the course ahead, the students are encouraged to enhance critical thinking and problem solving ability, which together play an immense role in better approaching and getting through this exam with excellent marks. Thus, the second year forms the crucial part of this course.

**Third Year :** The last year is mostly reserved for the test series and writing practice. Along with completing the residual part of syllabus, the thrust is given on quality enrichment and developing effective writing ability of students. For this to achieve, an elaborate test series is conducted for General Studies, Optional as well as Essay. This programme contains extensive guiding sessions on writing and articulation. The students are exposed to topical, sectional and comprehensive tests of each paper and subject. The tests are prepared meticulously and assessed very critically so that students realise their lacunae and work on those.

In the last five months of this course (i.e. 5 months before the prelims), a module is undertaken solely for the preliminary examination including teaching-revision and mainly the test series along with its discussion. Here, emphasis is given on honing the precision and elimination technique essential for qualifying in the prelims.

**Note :** *As part of this course, the Optional subject is introduced and completed in the second year. However, students can attend optional classes even in the third year of this course.*

## Salient Features of the Course

Covers all the three stages of CSE

Interactive Classroom Teaching

Comprehensive Study Material

Rigorous Test Series and Writing Practice Sessions

Guidance for Extra-Curricular Activities

Interactions with our Toppers and Serving Officers

Occasional Guest Lectures

Field Visit and Study Tour

Special Module for Personality Test (Interview)

Individual Mentorship

## Our Successful Students of this Course Reflecting on their Journey

### **Vaishnavi Bankar (AIR 651-2016)**

**3 years integrated course** was the best beginning I could have ever had to my civil services journey. When the mind was inquisitive and fresh during early graduation years, the 3 years course imbibed the necessary thought process which helped me in cracking the UPSC exam in my 2nd attempt. Civil services preparation is a journey and if foundations are strong, the outcome is a strong and healthy India. Civil services is a passion which can be achieved early if one has strong mentors and Unique Academy is one of those.

### **Piyush Salunkhe (AIR 63-2017)**

**3 years integrated Course** has proved quintessential in my UPSC journey and ensured gradual and holistic understanding of the same. A well qualified staff plus in depth notes guided me in making my notes. Regular answer writing and feedback helped in Mains and I also did multiple mocks, and feedback helped in interview. One on one personal attention and periodic counselling fueled my spirit. The Unique Academy has played a parents role in my UPSC journey right from infancy to maturity.

### **Snehal Dhaigude (AIR 108-2018)**

**Three years Integrated Course** of The unique academy helped me in the very initial stage of UPSC preparation. During integrated course I could start study in right direction. It helped me to build a strong base and command over basic subjects which eventually turned fruitful in my final examinations. Due to all of that I could get 108 rank in my second attempt.

### **Mander Patki AIR 22 (CSE 2019)**

**Three years integrated Course** introduced me to what actual preparation for UPSC means. It helped me to build my foundation on which I created superstructure of knowledge. It helped me to find direction for my preparation, and also to plan my strategy. This eventually helped me to secure AIR 22 in my very first attempt! Continuous encouragement and guidance by noted faculty members also boosted my confidence. Personalized feedback helped me to correct my mistakes and utilise my strengths.

### **Rahul Chavan AIR 109 (CSE 2019)**

3 years batch is really a wonderful opportunity for early beginners during their graduation years. When one is unknown to the complexity of upsc, this batch provides structured comprehensive foundational base. I belonged to rural background and so had less awareness about upsc; this batch with exceptional guidance moulded my strategy and catapulted to this success. It helped in understanding dynamism of prelims, improving answer writing skills for mains and personality development for interview. Thank you unique academy..!

## Our Successful Students of this Course Reflecting on their Journey

### **Divya Akhauri AIR 101 (CSE 2020)**

The 3 years integrated course sparked my interest in several GS subjects and helped me develop an in depth understanding of various concepts. The Unique Academy has played a crucial role in every step of my journey - from approaching prelims in a strategic manner to enhancing my answer writing skills for Essay and Mains and the confidence needed for the personality test. Every member of the teaching faculty has contributed deeply to my success. I feel extremely humbled by mentorship provided by the Unique Academy.

### **Vaibhav Bangar AIR 442 (CSE 2020)**

Unhurried approach, holistic coverage, familiarization with UPSC and short duration classes make Three Years Integrated Course one of a kind. The whole course is so well crafted that one can attend college, go to class and do self-study without compromising on anything.

### **Akshay Wakhare AIR 203 (CSE 2021)**

I Joined 3 years integrated course at unique academy in 2018. It gave me the most critical guidance what to read, how much to read and how to read for the exams. Regular answer writing and brainstorming helped me in enhancing my answers. The mentors especially Pravin Chavan sir guided me throughout and helped me to bring my dream to become ips officer into reality

### **Jainom Jain AIR 103 (CSE 2022)**

3-years Integrated Programme has been instrumental in helping me achieve my goal of clearing the UPSC examination. The faculty members at Unique Academy are highly experienced and knowledgeable, and they have provided me with personalized attention and guidance at every step. The comprehensive study material, regular tests, and interactive classroom sessions have helped me develop a deep understanding of the subjects and improve my overall performance. Their dedication and commitment have been truly remarkable. Once again, I express my sincere gratitude to Unique Academy for its exceptional coaching and guidance. I would highly recommend their 3-year Integrated Programme to all UPSC aspirants who are looking for a comprehensive and effective preparation strategy."

### Raj Bhagat AIR 245 (CSE 2023)

My UPSC journey commenced with the 3 years integrated course, and it served as a perfect foundation for understanding the demands and requirements of the examination. Furthermore, the gradual advancement in the levels of courses offered provided for holistic preparation. Additionally, the senior faculty of the academy was available for mentorship throughout my UPSC journey, beyond my course duration. To put things into perspective, I finished my classroom programme back in 2018 but was a beneficiary of Unique academy's mentorship, even during the 2023 Interview guidance programme. Thank you Unique academy for the continuous support.

### Omkar Sabale AIR 844 (CSE 2023)

Three years integrated course introduced me to what UPSC CSE is all about. The well planned and staggered approach of the course helped me to prepare my foundation on which I could further build upon. Well qualified staff ensured my clarity of subjects and concepts making the preparation all the more easy for me. One-to-one mock interviews and requisite feedback and personal mentorship all throughout even after the end of course is something that helped me secure a rank in CSE-2023. I feel extremely humbled by the support provided by The Unique Academy to me in this journey.

### Tushar Pawar AIR 861 (CSE 2022)

Hello, my name is Tushar Deepak Pawar and I have secured AIR 861 in CSE 2022. I Joined **3 Years Integrated Course** in 2016 during my graduation under guidance of Pravin Chavan sir and team. I used to attend weekend classes and complete whatever assignments given to us and also I used to keep regularly in touch with teachers to get my doubts resolved and devise further strategy. It helped me to maintain my tempo and build foundation. Debates and guest lectures during those days were helpful too. I would recommend all the students to make most out of this batch by continuously asking questions and getting feedback.
