Civil Services

CIVIL SERVICES

Civil Services have remained one of the preferred career paths for students despite emergence of other career options and transformation in the role of public services (including civil services) in India since 1991. The security of job, social recognition, diversity of the service profile and opportunity to serve our nation, are the prominent factors which drive a substantial pool of youngsters towards civil services. Hence, the civil services are still perceived as offering a constructive means of social intervention given the existence of developmental challenges in our society such as complex poverty, societal inequality, rising unemployment and imbalanced as well as exclusionary economic growth.

Union Public Service Commission

UPSC

Our Constitution, anticipating the critical role of civil services in the upcoming project of a democratic, secular and inclusive nation-building, has provided for a constitutional body named Union Public Service Commission (UPSC). The UPSC is tasked with conducting examinations to recruit various public services. The civil services examination (CSE) is one of the prominent exams conducted by the UPSC every year through which candidates are selected for different civil services.

The Unique Academy

UNIQUE academy

UPSC coaching has become an ever-burgeoning sector, especially since the last two decades. There has been a fierce competition, where many new players are challenging the already established private coaching classes, government-run guidance centers as well as the Edu-Tech companies. In a such a scenario, it becomes too difficult for a novice aspirant to choose the best coaching center. It is not just a question of investing the hard-earned money, but also of investing invaluable time of his/her life in search of quality coaching, which gives not just exam-oriented content but also helps in developing skills and personality necessary to succeed in this examination.

In this context, this is a humble and honest attempt by us, at The Unique Academy, to elaborate upon what makes us truly "UNIQUE".

The Unique Academy

Experienced Faculty

The Unique Academy (Pune, Mumbai and Delhi) has been imparting guidance to the students preparing for the Civil Service Examination (UPSC and MPSC) for nearly two decades. An enriching experience of teaching civil services aspirants for these many years has certainly become our strength, and we love to pass on this accumulated wisdom about the exact requirements for this exam. This includes various aspects of preparation such as reading and comprehension, critical thinking ability, notes-making, effective writing and communication. Our faculty members are true powerhouses of academic excellence and practical knowledge of the nitty-gritty of the CSE exam. Most of them have done masters and cleared NET/SET in their respective subjects and some of them have gone a step ahead and have obtained or are pursuing PhDs.

Extensive as well as Intensive Classroom Teaching

Classroom teaching is our strength. Our faculty members are dedicated teachers, who take constant efforts to make the classroom interactions more engaging and fruitful through interactive method, as well as creative use of visual media and technology. Teachers emphasize on imparting conceptual clarity to the students, for concepts constitute building bloc of any subject. Along with providing important tips to consolidate the sheer factual part of a subject, our teachers spend substantial amount of their effort on grooming students to inculcate analytical and critical thinking ability, which play a critical role in holistic understanding of a subject.

Moreover, students are encouraged to apply ideas to the surrounding, find out relevant examples, experiments and models, and also to link these ideas to the current and contemporary events. It is made sure that even a tiniest doubt of every student is cleared and he/she gets maximum satisfaction and knowledge out of each and every session. At times, the students learn much more in the vibrant after-class discussions than they actually learn in the class!

Excellent Study Material

We take pride in the quality of our study material, which is both comprehensive and up-to-date. The reading material (class notes) is meticulously prepared by our faculty members with the assistance of a dedicated research team, by referring to excellent academic sources, field studies and research reports. The study material contains comprehensive notes on each topic covering the conceptual, factual, analytical aspects. Moreover, a separate study material on current and contemporary events pertaining all subjects is provided at every stage of this exam. We make sure that the study material enables the students to understand and critically reflect on a given topic and issue.

The Unique Academy

Rigorous Test series Program

Besides all the above-mentioned features, what makes us truly "UNIQUE" is our rigorous Test Series Program. Actually, most of the UPSC coaching classes claim to provide a Test Series program, where students' answer-sheets are evaluated and feedback is given to them. Our uniqueness starts at the very beginning of this process.

We set such rigorous papers that the students are exposed to a plethora of analytical as well as challenging questions. It is through these questions that students are encouraged to engage with the study material reflectively to help them form their own analysis/opinion on matters of relevance. Secondly, the answer-sheets are evaluated by the experts themselves in a very critical manner, whereupon the students are given in-depth feedback regarding the content, language and presentation style. The expected improvements in each answer are not just pointed out in the answer-sheet but are also discussed either in person or on a telephone call. We make sure that the level of engagement and involvement of the faculty members in the journey of the students truly go beyond mere professionalism!

Model Answers

Our distinguishing feature is the content-rich, yet crisp model answers, which are really helpful to the students in understanding how exactly to approach a question and how to write a dense yet precise answer. These model answers cover many PYQs along with a vast pool of expected questions on all GS subjects.

Moreover, we have published an entire book on Model answers for Ethics (GS-4) covering PYQs from 2013 to 2023. Our series, 'Political Science Through Questions and Answers' comprising of 4 Volumes on optional Political Science (PSIR) is a big hit with the students. It covers model answers of PYQs, in addition to well thought-out expected questions. The series has been extremely helpful to the students in writing articulate, focused, sharp and to-the-point answers, which is a crucial skill for cracking the Mains exam.

Personal Mentoring

We at the Unique Academy are fully aware of the fact that preparing for UPSC Civil Service Examination is a tough journey, which tests not just the academic knowledge but also mental, emotional and moral strength of students. Many students experience financial stress, parental as well as peer pressure, emotional highs and lows, bouts of anxiety, frustration and even depression during this hard-hitting journey. The Unique Academy, through its mentorship program, stands shoulder to shoulder with the students at every step of the way, ensuring a robust mental and moral support system. And this support, quite often, proves to be the major factor and a turning point in a candidate's journey towards the goal.

One Year Integrated Batch

Outline

The civil services examination is known as one of the dynamic and challenging exams due to its multi-layered format and fierce competition. Our One Year Integrated batch for graduates caters to each stage of this exam through an extensive classroom teaching, elaborate and up-to-date study material, rigorous test series and personal mentoring. The initial 7-8 months are dedicated to Mains and remaining 4-5 months are used for the Prelims. It is followed by an extensive Mains test series after the prelims and subsequently a mentoring program to prepare for interview/personality test. Thus, students are groomed to write the exam after attending this course.

Features of the Batch

 Covers all the three stages of CSE	 Interactive Classroom Teaching	 Comprehensive Class Notes
 Extensive Study material on Current & Contemporary events	 Special Module on Essay Writing	 Sessions on Writing and Articulation
 Rigorous Test Series	 Interactions with our Toppers & Serving Officers	 Special Module for Personality Test (Interview)
 Individual Mentorship	 Latest and advanced mobile application for online preparation.	 Hybrid Platform offers a blend of offline & online learning experiences.
